

LED Puck V2.1

Low-Voltage Cove Flicker Device

Set and forget, safe and rugged, low-voltage LED flicker effect!

Birket has heard the requests from lighting and haunted attraction designers to create a robust indoor/outdoor-use flicker device. The Pumpkin Puck may be used in groups or individually, powered by battery or house power, and may be placed in your favorite display to create wind blown, fireplace, or soft candle effects.

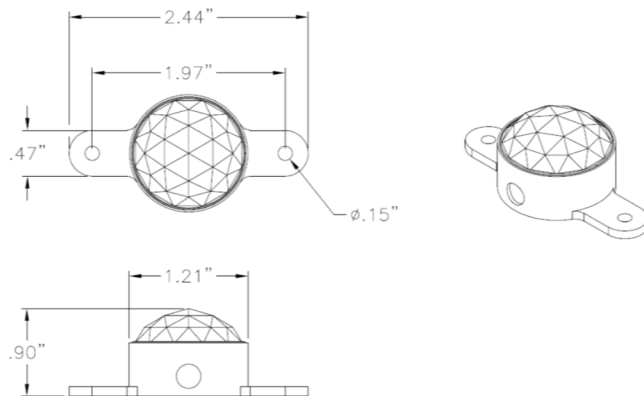

Applications

- Haunted attractions
- Stage shows
- Cove lighting
- Restaurant ambience

Available colors

- Red
- Green
- Blue
- Amber
- Cool White
- Neutral White
